**This is an experiential, hands-on workshop,

The purpose of this workshop will be an introduction to basic massage techniques, as well as applying them to our canine companions. Massage will deepen our animal human bond as well as improve their physical and mental state to ultimately promote overall well being. This is a hands-on workshop, so wear comfortable clothes and don't forget the blanket!

The workshop will be presented by Katie Knechtle B.S., CMT, a graduate of the Bancroft School of Massage. Katie has over 30 years of developing her intuitive gift, which she incorporates in her massage therapy sessions.

*As a special bonus, those attending the workshop, can sign up that day
