

# BANDILANE'S CANINE CONCIERGE SERVICES

*Why "ruff it" camping out  
when your pet can have all the amenities of home?*

Bandilane's Concierge Services will arrange everything for your pet while you are away – from doggie dining to pet limousine services to salon visits and socializing at Bandilane. Your pet has the luxury of staying at home. You have the peace of mind that Bandilane is on the job.

As stressful as it is for you to leave your dog, it can be more stressful when your pet's routine is changed. With Bandilane's Canine Concierge Services, we can help maintain that daily routine whenever you are not there. All the comforts of home for your pet, without worries for you.

Your dog can come to Doggie Daycare and spend the day with friends, be chauffeured home in the evening for dinner and an evening stroll before bedtime tuck-in. Bandilane's bonded Canine Companions are available to stay the night at your house or return the next morning, bright and early for breakfast. Additional daily walks can also be arranged when your dog does not attend Daycare.

Have the security of knowing that while you are away, your house will be monitored by our bonded and insured Bandilane Canine Companions.

Whether you are on vacation or just working a long day at the office, we will be there to take the best care of your dog, with the same experienced service that you have come to know and trust from Bandilane Canine Center. And we'll take in your mail and water your plants, too!

Choose from a range of amenities, specially personalized for you and your pet's needs.

**In-Home Care with Overnight Stay** - includes Dinner, Cuddling and Playing, a Late Night Walk, Breakfast...\$85/night\*
